## CANADIAN LEEGION AND I.O.D.E. JOINT SOCIAL

The social evening jointly arranged by the Canadian Legion, No. 19, and Earl of Strathmore Chapter I.O.D.E. proved a very delightful function—the best yet, several said.

The program of music, both vocal and instrumental, interspersed the various addresses, made a pleasing variation.

Mr. Crowther, President of the Canadian Legion, made a very efficient chairman throughout the varied program of the evening.

At 9 o'clock the meeting was called to order and the audience joined in singing "O Canada," the following program then being given:

Vocal selection—Mr. Patrick.  
Address—Young Men's League, "What Good Citizenship Means To Me."  
Violin solo—Mr. Plesner.  
Address—Betty French, above subject.  
Solo and Violin—Miss Polk and Mr. Plesner.

Essay—John Garrett.  
Mr. Crowther then introduced Mr. W. M. Davidson, who had kindly consented to give an address on "Some Practical Problems of Europe." Mr. Crowther intimating that his address had been eagerly anticipated.

Mr. Davidson prefaced his address by expressing his pleasure in coming to Strathmore, where he was going to feel quite at home in Strathmore, and that each time he came, there was either a debate, an Oratorical Contest, or some such worthy project being sponsored. He again congratulated the pupils and the school on their splendid evening.

In discussing his subject, Mr. Davidson dealt at length with the political situation in Britain. The outlook of each of the three parties, their attitude towards the industrial problems and the probable result at the coming election. He described the leader of each party, paying high compliments to Prime Minister Stanley Baldwin.

Leaving Britain he next took up Italy. He contrasted the Italy of today with that of the conditions existing a few years ago, or previous to the Mussolini dictatorship. Under this rule, however, Responsible Government is a thing unknown. There is neither freedom of speech, freedom of the Press, nor Parliamentary freedom. No one was allowed to criticize what the Government had done or proposed to do. Such is the autocratic rule. The history of Dictatorship being, however, that their rule usually dies with the Dictator. The time having passed, the speaker omitted making reference to any other of the European countries, though he referred to France as being a most interesting topic, and in a very flourishing condition, unemployment being almost unknown.

The company then repaired to the dining room, where they were entertained artistically and gaily decorated with true Valentine emblems and streamers, of red, both on the table and suspended from the ceiling produced a very attractive effect.

After the dining vanity were done ample justice. President Crowther asked Rev. Winter to propose the Toast to the King.

The next item was the presentation of a large Union Jack to the Legion from the local Chapter I.O.D.E. made by the Regent, and graciously responded to by Mr. Crowther.

Mr. French then, on behalf of the members of the Earl of Strathmore Chapter, expressed the appreciation of the members for the work and in-

terest of the retiring Regent, and presented to him a very beautiful silver picture, bearing the crest of the Order, and suitably engraved. Replying very briefly, Mrs. Moore expressed her very sincere thanks, not only for the gift, but also for the good will and cooperation of the members during the two years since the organization of the Chapter.

A vote of thanks was tendered to Mr. Davidson for his address.

Following this, all adjourned to the Main Hall, where dancing was much enjoyed, the Strathmore Orchestra being in excellent form.

The committee responsible for the refreshments and pretty tables—Mrs. Shrimpton, chairman, assisted by Mrs. Morgan, Mrs. Schutte, Mrs. Freeman, Mrs. S. Chamberlain, Mrs. Sid Moore and Mrs. Garrett.

A number of young men assisting by serving coffee.

## UKRAINIANS TO PROTEST TO OTTAWA

WINNIPEG—An avalanche of petitions from foreign nationalities in the west, led off by one signed by 50,000 naturalized Ukrainians, is slated to descend upon the government at Ottawa in the near future. It was learned, protesting what it termed the discriminatory ruling against the entrance into Canada of more than a very limited number of Central Europeans. Behind the Ukrainian petition is to be ranged support from at least two other national groups, the Hungarians and Czechoslovakians, who are also said to be getting petitions under way.

Articles discussing the reduction planned in immigration from the non-preferred countries by the department of immigration, are circulating throughout the west in Ukrainian, Polish, Czech, Slovak and Hungarian papers. One of these articles carried the following sentence:

"The department's gratuitous insult to a fine type of stolid and thrifty Canadian citizenship will require a great deal more explanation than has so far been forthcoming, before it can be accepted as justifiable by any class of Canadian in any part of Canada."

The Ukrainian petition will carry a preamble. It is understood, pointing out that Ukrainian form the third largest racial group in Canada; that they were good enough to produce a goodly portion of the national wealth; that they were good enough to contribute their full share to the taxes; that they were good enough to serve in the war; that they were good enough to support the Red Cross; that in fact they were considered good enough to assume and carry their share of the responsibilities of the country and now the government turns around and says that their relatives are not good enough to be admitted to Canada.

The petitions will point out further, it is understood, that in 17 ridings they can elect their own candidate to the federal house if driven to unite on this subject, and in 17 ridings around to say that their relatives are not good enough to be in circulation forms are expected to be in circulation within a few days.

## Government Will Increase Gas Tax

Crowded with interest and important business was the first week of the present session of the Alberta legislature. The debate on the speech from the throne was concluded, and the budget brought down by Hon. R. G. Reid, provincial treasurer. The important report of the Ponoka Hospital investigation committee also was tabled in the House by Hon. George Hoodley, minister of health and agriculture.

The introduction of the budget early in the session has established a precedent made possible by the new year, ending on March 31, adopted by the government. The budget contained no surprises, its outstanding features being the announcement of the government's intended increase of from three to five cents per gallon in the tax upon gasoline, which will bring in to the government an estimated revenue of \$1,500,000 after allowance has been made for a refund of four cents on gasoline used for industrial and agricultural purposes. Old age pensions, which will cost the government \$600,000 for which the Dominion government will make a subvention of 50 per cent, and increased expenditures on highways, particularly district roads, are the outstanding items of expenditure for the coming year.

Most of the important issues of the present session were touched upon in the debate on the speech from the throne, the government's power policy, the transfer of the Natural Resources and the new School Act.

The Liberal leader found this same inclination toward centralization and departmental control in the proposal of the government to place highway administration in the province in the hands of a district road board composed of the Minister of Public Works, the deputy minister, and a third member to be appointed by the Lieutenant Governor in Council, thus placing absolute control in the hands of the minister and his department. This bill failed to meet with the approval of even some of the back benches of the U.P.A., criticism of the composition of the board being voiced strongly by A. M. Matheson, member from Vegreville, who said he would "like to see a board on which the people of the province were represented."

The long anticipated report of the investigation of the provincial institutions for the insane and mental defective at Ponoka, Oliver and Red Deer, was tabled finally in the House by Hon. George Hoodley, after repeated questioning from the floor of the house, as to when it would be available. The report contained a vindication of the management of the institution in as much as it declared the death of the late Dr. Arthur Hobbs due to rough treatment by an attendant at the asylum, a regrettable incident occurred not in league with the regular conduct of the institution. It did, however, state most emphatically that the institution was well managed and conducted in a humane and made far reaching recommendations for immediate reforms not only in the matter of housing patients and in general, but also in the matter of food, clothing, and in the matter of mechanical detention of mental patients. The report outlines an extensive program for the care of the insane and mentally defective, part of which Premier Brownlee has intimated will be acted upon by the government.

Further discussion of the power policy of the government also will take place, the ruling of Mr. Speaker on the representation of Premier Brownlee that Mr. Shaw's amendment was not in order, being addressed to the government and not to the Lieutenant Governor in Council, relieving the government supporters of what might have been an embarrassing situation had they been called upon to vote upon the amendment.

The Medicine Hat bye-election figured largely in the debate on the speech from the throne, when the Premier, under pretext of welcoming Hester Lang, the new Liberal Member for Medicine Hat, took occasion to condemn the methods of the Liberal party in conducting the Medicine Hat bye-election. George Woodhouse, Liberal member for Calgary, against whom the Premier's remarks obviously were directed, took up the challenge and, in an old time fighting speech, berated the government roundly.

## Joseph Van Tighem Leaving Strathmore

On Monday morning the news became current that Strathmore was to lose one of their most esteemed citizens in the removal to Winnipeg, Mr. Joseph Van Tighem, Manager of the Royal Bank.

There was just one word of satisfaction, and that was the very deserving promotion to St. Boniface, Winnipeg, one of the most successful branches in the gift of the Royal Bank.

Many times during the twenty years service in Strathmore, Mr. Van Tighem has been offered promotion, but he was so completely maneuvered with his work in Strathmore, that he always turned down the proposed changes.

However, Mr. Van Tighem is only human and could not pass up this very direct recognition of his service by the Royal Bank management.

In the early days of Strathmore Mr. Van Tighem, or "Doc" as he was popularly known, was one of the most ardent and enthusiastic athletes, especially on the local diamond. In later years he abandoned the diamond for the golf course, upon which he became a most ardent devotee, and each and every competitor has been forced to go on to win on the local links.

The efficiency of the Fire Brigade was a hobby of his, and under his leadership as chief for many years, gradually progressed until the present chief was induced to take up the work. Nevertheless, like the old war charger, ever ready for battle, seldom did a fire alarm sound that he was not among those present.

In banking circles he has been recognized as one of the most astute managers in the service of the Union Bank, and since the amalgamation in the Royal Bank.

Sound advice he has always given, and time and again saved many of the people of the Bow Valley from financial loss, who his keen judgment and foresight was accepted.

In the Sacred Heart Church he has been a most active member, and in connection with the choir of that church, gave very freely of his time and musical ability.

Mr. and Mrs. Van Tighem have been among the most popular citizens, and will carry with them to their new home in St. Boniface, the heartiest good wishes for their health and prosperity, which can never be better than their friends hope for them.

policy of the government also will take place, the ruling of Mr. Speaker on the representation of Premier Brownlee that Mr. Shaw's amendment was not in order, being addressed to the government and not to the Lieutenant Governor in Council, relieving the government supporters of what might have been an embarrassing situation had they been called upon to vote upon the amendment.

The Medicine Hat bye-election figured largely in the debate on the speech from the throne, when the Premier, under pretext of welcoming Hester Lang, the new Liberal Member for Medicine Hat, took occasion to condemn the methods of the Liberal party in conducting the Medicine Hat bye-election. George Woodhouse, Liberal member for Calgary, against whom the Premier's remarks obviously were directed, took up the challenge and, in an old time fighting speech, berated the government roundly.

Colonel C. W. Weaver, of Edmonton, Conservative, interested himself in the problem of police in the Attorney-General, but his contention that Alberta would save money by accepting the offer of the Dominion government that the Royal Canadian Mounted Police take over.

## MUNICIPAL ELECTION HELD ON MONDAY

On Monday, 104 electors exercised their franchise in electing the Mayor and four Councillors, the Mayor and three Councillors for two years and one Councillor for one year, to fill the vacancy created when R. Bailey resigned to enter the field for mayor.

A new interest was created through the entrance of two new contestants for Councillors in the persons of F. A. Cott and Frank Craddock, each of whom had no municipal aims for which to answer, and they were both elected.

J. H. Miner headed the poll with 89 out of 104 votes, which means that his "side" during the past few years must have been few, or on the other hand that the "people's library" had covered up beautifully.

Councillor James Saunders fell by the wayside, he either having done too much or too little. He received 81 votes, which was a very fair vote of confidence, but not quite enough to entitle him to a seat within the charmed area, where he might have wisdom from the Mayor, sage counsel from his Board Councillors, and the man on guard behind the cash box, Secretary-Treasurer T. M. Wearn.

The vote was considerably larger than last year, when only 73 votes were cast. Mayor Shrimpton should feel very much gratified and encouraged that a larger vote was cast than usual, and that after two years service that his course had been ratified, and that a large proportion of those who voted.

The contest for the office of Councillor was very keenly contested, and much interest developed.

The vote cast was as follows:

Mayor	
A. D. Shrimpton	89
R. Bailey	15
Councillors (Four Elected)	
F. A. Cott	85
J. H. Miner	80
Frank Craddock	80
Wm. Henson	81
James Saunders	81

School Trustees  
Y. E. Wright, Frank Young and J. A. French elected by acclamation.

Another dance will be held on Friday, March 1st. Everyone is invited to come and enjoy themselves, and at the same time develop a real community spirit.

## MCKENZIE BROTHERS GET \$1250 FOR STEER

McKenzie Bros., Lacombe, set a new high level for steer prices in the province when they sold Earl Marshall, the animal which recently won the grand championship at Vancouver, to Jackson Bros., Vancouver for \$1,250.

This steer, which was bred by the Marshall family, was owned by W. S. Henderson, of Lacombe, weighed 1,250 lbs., and brought \$1 per pound. It is believed that this is the highest price ever paid for an Alberta-bred steer.

over the work of the Alberta Provincial Police, brought the important statement from the Attorney-General, that he did not "think the saving effected," and there would be a saving—would offer the advantage we now have at all times, retaining complete control over our own police force." This in conjunction with other remarks of the Premier, the Attorney-General, have been taken as definite evidence that the provincial government does not intend to accept the Dominion offer.

## Worlds Record For Strathmore

S. COL. FRONT—WORLD RECORD. Recently James Rottie, of Burgessville, Ontario, and H. Steeves, of Stevenson, B. C. two Holstein experts, have been engaged in grading the Holstein herd at the Canadian Pacific Supply Farm, under the system established by the Holstein-Friesian Association. These two experts delighted the local staff when they announced that forty of the cows were graded gold medal cows, and seventy-three were placed excellent. The record of forty gold medal animals is the highest of any herd in the world, which will make G. H. Jines very angry.

## Berta Vale Dance

The rattlepatties of Berta Vale S. D. gathered together on Friday evening for the third dance of this season.

The spirit of comradeship was again apparent, and a real good time was indulged in by all, and the members present exceeded that of our previous dances.

Splendid music was rendered by Mr. Galpin, our violinist.

The committee, ably helped by Mr. Hunter, the teacher, deserve great praise for their work in organizing the dance. Mr. Callahan and Mr. Way were M.C.'s on this occasion.

A very ample supply of the good things of life in the way of eating was supplied by the ladies. The party dispersed at 4:30 a.m.

Another dance will be held on Friday, March 1st. Everyone is invited to come and enjoy themselves, and at the same time develop a real community spirit.

## Coming Events

Health's showing of Spring costumes for the ladies at Strathmore, Trading Co., on Monday and Tuesday, February 18th and 19th.

The annual meeting of the Local Chapter I.O.O.F. will be held February 20th, at 2:15 p.m. Please note change of time. Election of officers for 1929. Treas. will be served.

U.P.A. and U.P.W.A. Dance will be held in the I.O.O.F. Hall, Nanaka, on Wednesday, February 20th, 1929. Entrance—Admission. Adults \$1.00, Ladies 50c, supper included.

Elks Carnival and Jitter Dance on Friday, February 22nd.  
Hirtle's Theatre, Friday and Saturday, February 15th and 16th, George Hancock in "Dragon".

### RECORD SHIPMENT CANADIAN FLOUR

VANCOUVER.—The largest single shipment of flour ever despatched from this port was sent this month on the liner Tokiwa Maru of the Nippon Yusen Kaisha for Shanghai. The parcel consisted of 7,300 tons, or 72,000 barrels, and is sufficient to provide 12,500,000 Chinese with one loaf of bread, or 1,000,000 with twelve and one-half loaves each.

Arrangements for the big shipment were made by B. W. Greor & Son, agents for the Japanese line, and K. A. McLennan, of the Robin Hood Mills and the Terminal Dock Company. The flour market in the Orient—China, Japan, and the Philippines—is a natural one for the Western Canadian product and the increasing quantities of wheat being shipped to the mills on the other side of the Pacific adds to the demand for Canadian flour, as the export of flour commenced to Ten thousand tons of flour, the

largest collection ever made at the pick up with initiation of the development of the grain market in the Orient.

Terminal dock, was in the warehouse for loading on the Tokiwa Maru and also on the American Mail freighter, McVillie Dollar. Six gangs of stevedores were used in loading the Japanese liner, putting on 2,500 tons a day. China's consumption of Western Canadian flour has nearly doubled in the past three years, but as yet the quantity from here is but a small portion of what it may become, according to Mr. McLennan and others who are conversant with Oriental requirements.

Japan prefers taking Canadian grain and making flour in her own mills rather than import flour from here, but sometimes she buys heavily of flour. The Philippines' market for Canadian flour has increased enormously in the past three years.

In 1925 China, including Hongkong, bought 608,850 barrels of flour

from Vancouver. Last year China proper took 1,070,343 barrels, while 220,002 barrels went to Hongkong. Japan bought 80,750 barrels in 1925; 360,960 barrels in 1927 and 68,170 barrels in 1928.

The Philippines purchased 1,190 barrels in 1925, and 31,532 barrels in 1928. New Zealand markets absorbed 1,540 barrels in 1925, and 45,550 barrels in 1928, the increase being steady, practically doubling each year.

### PONOKA PATIENTS INVESTIGATED BY COMMISSIONERS

EDMONTON.—Forcible feeding of patients at Ponoka is carried out to excess. Mechanic restraint of patients by the use of straight jackets, padded beds and the like is also practised to excess.

The Ponoka hospital is overcrowded and under staffed, the medical staff is lacking in numbers, the nursing staff is numerically inadequate.

The reception services for active treatments are under-staffed and the quarters are congested.

It is recommended that a new mental hospital be built near the city of Edmonton.

Sixty patients from Ponoka are transferred to Oliver as soon as possible.

Population of the Ponoka hospital be limited to 1,000 or less.

An additional wing be built for female patients.

An addition of 20 nurses be made in the present staff and a new nurses' home be built to accommodate them.

Addition of two physicians to the present staff.

More recreational facilities for male members of the staff.

Above, in brief, are the high lights in the long anticipated report of Commissioners Drs. Hincks and Farrar, on conditions at the Ponoka and Oliver mental hospitals and the Red Deer training school, released by Hon. George Ross, minister of health, on Wednesday night.

The report, a bulky mimeographed document of over 60 pages, covers the result of investigations held at all three places.

Reference to the death of Dr. Hobbs is made by the commissioners, who, however, do not enlarge upon the evidence given at the trial of Attendant Scott. The commissioners do, however, exonerate Dr. C. P. Fitzpatrick, then acting superintendent, from any blame in connection with Dr. Hobbs' death. Dr. Fitzpatrick is characterized as "an able psychiatric and capable administrator."

Of ten discharged patients examined by the commission, two said they had been harshly treated; six said

## Local Jottings :-

Arthur Anderson received over the radio an account of a game between San Francisco and Los Angeles last week, in which Edison won 1-0. In this game "Teeter" Giroux got into a mix-up, and didn't come out second best.

A delightful bridge party was held at the home of Mrs. Sid Moore, when she entertained a number of ladies last week at three tables. Mrs. George Quirin won first prize and Mrs. Wm. Saunders the consolation. Those present were Mrs. Charles Harvey, Mrs. A. V. McFarland, Mrs. Fred Harvey, Mrs. T. E. H. Patterson, Mrs. T. Walcott, Mrs. M. S. Hirtle, Miss Mary Scherer, Miss Gladys Hughes, Mrs. Mary Folt, Mrs. Wm. Saunders, Mrs. George Quirin. After the cards, Mrs. Moore served a delicious lunch.

Miss Cranston, who resigned from the Strathmore School at Christmas in order to visit her mother who was ill in California, has recently returned to Calgary.

The Strathmore friends of Miss McDaniel will be sorry to learn she has been quite ill in Vancouver with pleurisy.

They had seen other patients mistreated; one man said "he would rather go to jail than to Ponoka"; another said that attendants "beated" the patients; yet another said that patients were warned not to talk against the institution, or they would be brought back; another said the hospital was "too awful to mention."

### LAWSON NEWS

Mr. J. C. Lawson, Mr. and Mrs. T. Lawson and Miss Eleanor Lawson returned from Calgary Saturday.

### MAKEPEACE NEWS

An eighty-year-old daughter of Mr. Befus died last Wednesday, from diphtheria.

A daughter of Mr. Fox is ill with diphtheria, but is doing very well.

Mrs. Frank Nall is ill in the Bassano Hospital.

A meeting of the U.F.W.A. was held on Saturday, February 2nd, at which Mr. T. Mullen, the delegate to the convention in Edmonton, gave an interesting report. Mr. T. Mullen has been ill, and just got out of bed, and was a little short of breath on account of his bad cold, but gave the members a good idea of what had gone on at the meeting.

Mr. Linton Gault had his watch stolen at the morning recess last Thursday. It is hoped that the watch will be returned thereby saving trouble for the thief.

Mr. and Mrs. E. N. Bidley and family left Monday for the Coast.

The many friends of Mr. and Mrs. Joan Tipton will regret to hear of their departure for Winnipeg.

The Women's Institute will hold their regular monthly meeting at the home of Mrs. De Witt Wednesday, February 20th, at 2 p.m. A demonstration of making teal wool flowers will be given to old and new members.

Mr. and Mrs. E. N. Bidley and family left Monday for the Coast.

The many friends of Mr. and Mrs. Joan Tipton will regret to hear of their departure for Winnipeg.

The Women's Institute will hold their regular monthly meeting at the home of Mrs. De Witt Wednesday, February 20th, at 2 p.m. A demonstration of making teal wool flowers will be given to old and new members.

Mr. and Mrs. E. N. Bidley and family left Monday for the Coast.

The many friends of Mr. and Mrs. Joan Tipton will regret to hear of their departure for Winnipeg.

The Women's Institute will hold their regular monthly meeting at the home of Mrs. De Witt Wednesday, February 20th, at 2 p.m. A demonstration of making teal wool flowers will be given to old and new members.

Mr. and Mrs. E. N. Bidley and family left Monday for the Coast.

The many friends of Mr. and Mrs. Joan Tipton will regret to hear of their departure for Winnipeg.

The Women's Institute will hold their regular monthly meeting at the home of Mrs. De Witt Wednesday, February 20th, at 2 p.m. A demonstration of making teal wool flowers will be given to old and new members.

Mr. and Mrs. E. N. Bidley and family left Monday for the Coast.

The many friends of Mr. and Mrs. Joan Tipton will regret to hear of their departure for Winnipeg.

The Women's Institute will hold their regular monthly meeting at the home of Mrs. De Witt Wednesday, February 20th, at 2 p.m. A demonstration of making teal wool flowers will be given to old and new members.

pleurisy. She is now convalescent.

Mr. and Mrs. W. M. Davidson returned to Calgary Tuesday.

Thursday, February 14th, is an important date in history—Valentine Day and also the birthday, the Standard will not say how many, of one illustrious citizen, J. H. Miner, who in elections, was placed at the head of the poll on Monday, each and all of whom expect to call at the Strathmore Hardware and receive the choice Havana that Harry proposes to hand out.

Mrs. R. Bailey went up to Calgary on Tuesday.

Mr. Geo. H. Jones returned to Strathmore on Tuesday, after a trip to Ontario. Let the Elks Carnival on February 22nd now proceed.

Mumps have developed in the district. In the words of Jim Swanson, it is just one thing after another.

Mrs. Dorothy Gonnell, who has spent several months in and around Strathmore, left last week for Montreal.

The Ladies Aid of the Unit Church will meet at the home of Mr. Hirtle on Thursday, February 14th.

Hear Mr. Walter Mathys on Monday evening, under the auspices of the local school board, Canadian Legion and I.O.B.E.

"Alderman" Elect Frank Craddock was present at the Canadian Legion I.O.B.E. Social on Monday night, most modestly receiving the congratulations of his friends. The only handicap he has his charming "Gibson Girl" lines which he promised to do all things possible to change to proportion to the will do credit to the office of Alderman.

Later Jones has been confined to his home with a severe attack of tonsillitis.

T. J. Koch, of Ardenburg, spent Saturday in town, the guest of his son, Geo. Koch.

Elleen Garratt, of the Calgary General Hospital nursing staff, was the guest of S. Garratt for a few days.

R. J. Kearns was a Calgary visitor last week, the guest of Mr. and Mrs. Harry Paul.

Stewart Kearns is once more fit as a fiddle, and picking the sinuous for Garrison Garage.

Mr. and Mrs. E. N. Bidley and family left Monday for the Coast.

The many friends of Mr. and Mrs. Joan Tipton will regret to hear of their departure for Winnipeg.

The Women's Institute will hold their regular monthly meeting at the home of Mrs. De Witt Wednesday, February 20th, at 2 p.m. A demonstration of making teal wool flowers will be given to old and new members.

Mr. and Mrs. E. N. Bidley and family left Monday for the Coast.

The many friends of Mr. and Mrs. Joan Tipton will regret to hear of their departure for Winnipeg.

The Women's Institute will hold their regular monthly meeting at the home of Mrs. De Witt Wednesday, February 20th, at 2 p.m. A demonstration of making teal wool flowers will be given to old and new members.

Mr. and Mrs. E. N. Bidley and family left Monday for the Coast.

The many friends of Mr. and Mrs. Joan Tipton will regret to hear of their departure for Winnipeg.

The Women's Institute will hold their regular monthly meeting at the home of Mrs. De Witt Wednesday, February 20th, at 2 p.m. A demonstration of making teal wool flowers will be given to old and new members.

Mr. and Mrs. E. N. Bidley and family left Monday for the Coast.

The many friends of Mr. and Mrs. Joan Tipton will regret to hear of their departure for Winnipeg.

The Women's Institute will hold their regular monthly meeting at the home of Mrs. De Witt Wednesday, February 20th, at 2 p.m. A demonstration of making teal wool flowers will be given to old and new members.

Mr. and Mrs. E. N. Bidley and family left Monday for the Coast.

The many friends of Mr. and Mrs. Joan Tipton will regret to hear of their departure for Winnipeg.

The Women's Institute will hold their regular monthly meeting at the home of Mrs. De Witt Wednesday, February 20th, at 2 p.m. A demonstration of making teal wool flowers will be given to old and new members.

Mr. and Mrs. E. N. Bidley and family left Monday for the Coast.

The many friends of Mr. and Mrs. Joan Tipton will regret to hear of their departure for Winnipeg.

The Women's Institute will hold their regular monthly meeting at the home of Mrs. De Witt Wednesday, February 20th, at 2 p.m. A demonstration of making teal wool flowers will be given to old and new members.

Many have been the expressions of sympathy and kindly act tendered Mrs. S. B. Crossley during the past few weeks, among these being a gift of five dollars from the local branch of the W. I.

Mrs. De Witt is now able to dispense with the eye protector, and the sight is growing stronger, which her friends will be pleased to hear.

Mayor Shrimpton, with election over, will now give his personal attention to putting on the Elks Carnival and dance on February 22nd, over with a bang.

Harry Miner, much to Mr. Miner's disappointment, headed the poll for Councillors; hence for the next two years will be able to manufacture all kinds of excuses why he gets home late, every other Tuesday night, to say nothing of the other nights of the week. However, his many friends were highly pleased when the poll was announced. It takes some fast stopping to beat these new recruits, who have no "fins" for which to answer to the election.

Miss Knyvett is the guest of Mrs. Kier at Chesler, for several days.

Mrs. Douglas Francis is expected in the near future to make a visit to friends in Strathmore, en route to her home in England.

The U.F.W.A. is holding its regular meeting at the home of Mrs. W. H. Hinton on Thursday, February 14th.

W. H. Duker, of Nakama, went up to Calgary on Sunday. John the Bulgarian finally, after much pleading, succeeded in getting Bill to take him along. Shortly after landing in Calgary John disappeared, and although Bill remained in town for two days, he failed to get a trace of him. Percy Parish says he would not waste five minutes looking for him, but John Vermont made it a good excuse, and he coaxed Louis to let him off for a couple of days, and in a moment of weakness Louis let him go.

Johnnie Van Wesel, who has been ill with the flu is able to get again, and full of pep about the big Strathmore Stampede for 1929, which he will be the one to organize and before the stampede meeting which will be held in Calgary shortly.

"The wagger nicker," says Hector McElroy, that if we married men will have to get our own lunch next Monday and Tuesday, February 18th and 19th, when all the ladies will be down at Shrimpton's admiring the Heath showing of Spring costumes. Don't laugh, it is no joke, but they all will be there just the same.

Walter Mercer's many friends will be pleased to learn that he is making a nice recovery from his recent illness, and hopes to be out again shortly.

James Saunders has received his first two-inch shipment of wall paper of the latest designs and popular patterns. Mr. Saunders states that having the paper in rolls instead of samples makes a service which is very satisfactory to his customers, and he is anxious for everyone to come in and examine the big stock before the spring rush arrives.

## PRINTING -

When your letterheads, cards, envelopes, or other stationery supply runs low you need not worry as it will be easy to have it replenished by merely calling The Standard. When you need circulars, dodgers, or advertising you will find our plant equipped to properly serve you. If it is job printing we can do it.

**QUALITY** — We pride ourselves on the fine quality of our work.

**SERVICE** — We maintain ample force to give prompt service.

**PRICE** — You will find prices fair—quality considered.

Among the lines in Saskatchewan for which the Canadian National Railways are applying to Parliament for authority to construct is one from Ardenburg to Melville and one from Regina north-easterly to a point on the Hudson Bay Railway at Melville. The construction of these lines will be in the interests of the Dominion and all the territories would benefit from this project as far as the railway is concerned. The line from Regina to Fort Churchill is by any existing route. At the same time adequate railway facilities will be provided for the people in the district between Ardenburg and Melville while the line from Regina to The Pas will traverse the heart of the new agricultural area which will be formed by the Dominion project of the government between the Assiniboine and the Red Rivers and The Pas. The existing lines of the Canadian National Railways are shown on the map in solid black and the proposed lines in broken black. The thin lines are those of the C.P.R.

### CARSELAND

Don't forget the Baseball dance on Friday, February 15th.

Mr. and Mrs. J. Gibson left on Wednesday, February 6th, on a trip to the Coast.

The P. B. Club were entertained at the home of Mrs. Hill on Thursday, February 7th. Mrs. Melindy being elected secretary, and Mrs. W. Laurie treasurer for the year.

The members of the United Church Ladies Aid and their husbands will be entertained by Mr. and Mrs. Oscar Moorehouse at a Valentine Social at their home on Thursday, February 14th, at 8 p.m.

Mr. N. Holland and Bob were visitors to Calgary and Banff Friday and Saturday of last week.

Mr. and Mrs. G. Forbes were visitors to Gleichen on Sunday at the Haskayne home.

### EXPEDITION TO SEARCH FOR NOAH'S ARK

CHICAGO.—A picturesque plan to organize an aeroplane expedition to search Mount Ararat for Noah's Ark, so that it might be brought to Chicago as an exhibit during the proposed 1933 world's fair, appeared recently. William H. Strong, former president of the Chicago Chapter of the American Association of Engineers, made an offer to Rufus Dawers, president of the Fair Board, to form a corporation to finance the expedition.

According to Mr. Strong, who is also a former president of the Aviation Club of Chicago and a member of the Mount Bible Institute Alumni Association, the possibility of Noah's Ark having resisted the destroying action of the elements during the thousands of years since it went aground on Mount Ararat is strong. Mr. Strong points out that the craft, according to the biblical account, was built of "gopher" wood, a special cypress, which is largely free of fungus attack.

"Noah's Ark may be in existence today," said Mr. Strong. "It grounded on a mountain, where the ravages of the air would check decay."

"Wooden chariot wheels recently have been unearthed at Kish Mesopotamia, from a depth of 45 feet, by the Field Oxford archaeological. The age of these wheels was estimated at 5,000 years, and they were in good condition. That being the case it is safe to say that only fire, an earthquake, an avalanche or other cataclysm of nature could have destroyed them."

### ROCKFORD UNITED CHURCH

Sunday, February 17th, 1929  
Valley Garden—8:20 p.m. Sunday School and Praiseing  
Rockford—11 a.m. Church School Morning Talk: "The New Movement"; 8 p.m. Evening Worship. Topic, "His Beautiful Residence".  
The annual meeting of the congregation will be held in the Church Monday, February 18th, at 4:20 p.m.  
V. M. GILBERT, Minister

### ROSEBUD

Announcements have been received of the birth of a son, Raymond Keith, to Mr. and Mrs. Floyd I. Clark, in Calgary on February 7th.

The skating rink is full of enthusiasts at all hours. Broom Ball is the principal sport, and the ladies have three teams of lucky players. The places of business all closed Friday afternoon to witness the first game by the ladies.

The U.F.A. held a regular meeting in H. N. Jones' office Saturday afternoon with a good attendance. Much interest was shown in the report of Karl Skjeldstad, the delegate to the annual U.F.A. convention in Edmonton. The officers of 1928 were re-elected for 1929. Plans are in progress for the U.F.A. annual dance which will be held on March 19th, as the 17th falls on Sunday. Keep the date in mind. Better music and novelties than ever before!

Mrs. A. Clark is on the sick list. The broom ball game must have been too much for her.

Mr. and Mrs. Nicklason and family are expected back from Indianapolis this week.

The Food Sale and Tea, under the direction of the Ladies Aid of the United Church, will be held on Saturday afternoon, February 16th.

Grant Defoe met with a painful accident Tuesday evening, when the broom slipped from the hand of one of the gentlemen players and struck Grant in the face, cutting a gash just beneath the eye.

Miss Barber, of Woolseil, Sask. reader and entertainer, will be here on the evening of February 26th, at the United Church to give an entertainment under the auspices of the Ladies Aid. Miss Barber has met with great success wherever she has been, and the Aid feel they are very fortunate to secure her for this occasion. Keep the date in mind—Thursday, February 25th.

troysed the Ark.  
Hundreds of square miles of territory could be photographed in a single day's search conducted by aeroplane. If Noah's Ark could be discovered and brought to Chicago for the Fair would it not prove a drawing card?

"If such an idea appeals to you and you will give me face by so advising me, I will undertake to organize a corporation, not for pecuniary profit, to raise the necessary funds from Christian fundamentalists. The effort is as legitimate as hunting for some Stone Age heads in the Sahara Desert."

### BILLY BARTON MEETS MASOOLAK ON MONDAY

DRUMHELLER—Billy Masoolak, Buffalo middleweight, a protégé of Jimmy Slattery, is booked to meet Billy Barton of Wayne in a ten round battle on Monday night at the Drumheller Gym, and Boing Club.

Masoolak has been featured at the amateur contests at Madison Square Gardens, New York, and since turning professional, he has piled up a large number of victories. Billy Barton is an old-timer who needs no introduction to the boxing fraternity of Alberta; his past record guarantees a fight to the finish for the best of them.

### ALBUQUERQUE, ALBERTA

San Ellingson motored to Calgary on Monday afternoon on Wednesday. He is busy now organizing a troupe for the amateur play the U.F.A. will put on as soon as possible.

Mr. Roy Warburton went to Calgary on Tuesday, and returned on Thursday with a new Chevrolet Six.

Mr. H. A. Treend and C. T. Armstrong motored to Calgary on Saturday, intending to take the train in Calgary for a trip to the coast and to Seattle.

The Atlas school was closed last week on account of the illness of the teacher, Miss Godfrey, who is in Calgary at present.

Word arrived that Mrs. W. C. Resear is quite ill in the Hospital in Calgary. Mr. Resear went up to Calgary on the train on Saturday.

Emerald Bettner is ill in the Holy Cross Hospital, Calgary, owing to an abscess under his arm.

Mrs. A. V. H. Harris, Mr. and Mrs. Joe Harris, Mrs. Charley Harris, and Andrew Stewart visited at the home of Mr. and Mrs. Floyd Blake, on Saturday evening.

Mr. E. J. Bell with Margaret, Jason and Marvile Anderson, started to Bassano on Saturday afternoon, but found the roads impassable in the flat by Mr. Harris' and were forced to give up the effort. Even before the snowing and blowing of Friday night and Saturday morning that flat was difficult for passage, as testified to by those who motored over from Bassano for the dance Friday night.

The dance with "Val's Aces" as musicians, was a splendid success. People gathered from Standard, Chanceller, Calgary and Bassano, as well as a good attendance from Husar and vicinity, made a jolly crowd, which thoroughly enjoyed the excellent music. It is reported that there will be another dance with the same orchestra within two weeks.

Miss Gladys Hayes, Miss Law, Messrs Huggie and Raymond Gayford, were over from Bassano for the dance.

Mr. and Mrs. M. Muir, the Toogooos, Fraser, Reiffenstein and Dingwall families, were among those noted a present from Chanceller.

Miss Muriel Betts was down from Standard at the dance on Friday.

Mr. and Mrs. Chiffard and daughters Lila, Vivian and June, attended the oratorical contest in Bassano, returning by car.

Mr. and Mrs. E. J. Bell, Mrs. Mont gomery, Miss Edna Macdonald, Miss Zena Bell and Miss Lela McKinney motored down from Husar for the oratorical contest.

Miss Anna Hansen came home to spend the week end with her father. Mr. Pete Hansen, returning to Calgary on Monday.

Miss Christine Hanson has been quite ill, first with measles, followed with car trouble. She is better at present.

Mr. and Mrs. Henry Rougeau went to Bassano on Monday. Mrs. Rougeau was so fortunate as to get a silver in her finger, and it had become dreadfully sore, and she went down for medical treatment.

Mrs. J. R. Macdonald came back from Calgary on Monday, after spending the week end with Mrs. Middleton.

Mrs. C. W. Hayes returned from Calgary on Monday, after a visit of several days with friends there.

Mr. W. G. Nelson has been on the sick list for a few days.

The Husar School hockey team expects to have a game with the Bassano School team on Saturday, providing the weather permits.

Mr. R. B. McKinney went to Calgary on Tuesday morning.

Mr. and Mrs. Roy Warburton spent several days in Calgary, returning on Thursday in their new Chevrolet Six.

Messrs Brown, M. Muir, P. Lee, G. Phillips and P. Parker were from Chanceller to attend the meeting of the A.F. & A.M.

Mr. A. L. Williams came down from Standard to attend Masoolak Lodge

here on Monday evening, and Mr. C. Jorgensen came from Macleod for the same purpose.

Mrs. McFarlane, came down from Calgary on Wednesday evening and returned to Calgary on Thursday morning. Mrs. Macdonald went to Calgary with her on Thursday to spend the week end with Mrs. Middleton.

Mr. E. Holland was in Calgary on Wednesday.

Mrs. Andy Brown took her little son, Douglas, to Bassano on Wednesday afternoon, to consult with a doctor there, as the little chap had a bad case of blood poisoning in his arm.

On Saturday a few friends gathered at the home of Mr. and Mrs. Thomas Lawson for a very enjoyable evening, playing games and dancing. Among those present were Jean Fraser, Messrs A. Forsyth, Robt. Nairn, Frank Wolfe and John Hursh.

Mr. and Mrs. J. E. King and Rev. Gordon motored to Calgary on Thursday.

It is quite interesting to take note of the different kinds of vehicles that are being used at present. A busy parade, followed by a two seated punk and is passed by an auto. Then comes a load of hay on wheels, and a horse being moved on two sleighs, a boy on a bicycle and several on skis. More cars, then, and this is almost the middle of February.

Miss Lulu English spent the week end at home.

Mr. Pike, the father of Mrs. F. Reeves, came from Medicine Hat to visit with his daughter and family.

Mrs. McFarlane and son, Jack,

Mr. L. P. Schoelling returned to Husar on Thursday after a visit of a couple of months at Huntville, Mo., U.S.A.

Drs. Haworth, of Bassano and Sammonds, of Gleichen, were summoned to Husar on Saturday because of the illness of Bobby Kuchle. They had a difficult time getting here, being held up for an hour in one flat about six miles out of Bassano. They found the young chap quite ill with a very severe cold. While here they made visits to several other patients.

It seems that the cars from Bassano had a hard time returning after the dance on Friday, as the wind had played havoc with the roads, and many detours had to be made. As there were three together, they were able to help each other, so there were no serious exposures to the cold.

Messrs Clarence and E. Ellingson motored to Bassano on Saturday to get the films for the show on Saturday. They brought back "Love Hungry" which proved to be a most amusing comedy.

Rev. Gordon came back from Calgary on Saturday by way of Bassano, returning to Husar on Sunday.

Mrs. Baudet is on the sick list with throat trouble. With the milder weather, interest in skating was revived on Sunday, when the boys cleared off the rink, and had hockey practice.

Mr. and Mrs. C. T. Armstrong, H. A. Treend, Wm. Treend, Jack Morton, attended the funeral of Mr. Thomas Lawson Sr. in Calgary on Friday.

Mrs. McFarlane and son, Jack,

Wednesday, February 13th, 1929

left for their home in Winnipeg on Monday afternoon.  
Sam Swan was a Calgary visitor over the week end.

### WINTERING HILLS NEWS

Miss Grace Smith, Howard, Clarence and Hugh English, Davy Doug, Bert Young, Fred Schall, Cecil Crawford, Mr. and Mrs. W. A. Treacy, Percy Good and Ray Forgy motored in to attend the dance on Friday night, but they found it very difficult motoring back, being five hours on the return trip. They feel quite ready now to take a permanent job shovelling snow, having had so much practice.

Mr. and Mrs. Roy Whyte left on Thursday for Okotoks, where he expects to locate.

J. E. King returned to Husar the early part of the week.  
Emerald Dittmer is ill in Calgary in the Holy Cross Hospital.

There will be a dance at the Wintering Hills School house on Saturday, February 16th.

### ATLAS NEWS

W. A. Treacy and H. A. Treend shipped another car load of pigs on Wednesday.

Mr. and Mrs. C. T. Armstrong were in Calgary on Friday.

School was closed all week, again, on account of the illness of the teacher.  
Mr. and Mrs. W. A. Treacy were in Calgary the latter part of the week.

## HEARD ON THE STREET

HEARD ON

Girls, when they went out to swim.  
Once dressed like Mother Hubbard,  
Now they have a bolder whim—  
They dress more like her cupboard.

"I'll have lamb chops with potatoes,  
and have the chops lean," said Mike Moran.  
"Which way, sir?" asked the waiter.

"What!" exclaimed Mandy's mistress as she appeared at the home one day, after a prolonged absence, carrying a little black boy, "another little Carr?"  
"Yesum, Misses—an' I don't hopes dis here is de caboose."

"frate Customer: "When I put the coat on for the first time and buttoned it up, I burst the seam down the back!"  
Bill Tierney: "Yes, that shows how well our buttons are sewed on."

Among the movie stars a visitor from the east chatting with a Northwest operator on a job near Hollywood recently asked the operator: "Do you like bathing beauties?"  
"I don't know," replied the operator; "I haven't bathed any yet but I got a good date for tomorrow night."

Doctor (to patient who claims to be a nervous wreck): "What are your symptoms?"  
Patient: "I jump when I hear a telephone, the doorbell sends me into hysterics. Any stranger coming to the house frightens me out of my life, and I'm afraid to pick up a newspaper. Do you know what's wrong with me?"

Doctor: "Yes; my wife drives a car, too!"  
A few years ago, back when cotton was hitting the high spots and the colored folks were in clover, a colored brother walked into an automobile salesroom in a nearby town and said:

"Boss, you-all de feller what sell Smith Washington Smith that er supersix automobile?"  
"Yes," said the salesman; "I believe we did."  
"Well," said the colored man, "Ah want a supersix."

"Does your fance know much about automobiles?"  
Jean Groux: "Heavens, no! She asked me if I cooled my car by stripping the gears."

"Give a little, live a little, try a little, sing a little, bring a little happiness to earth. Pray a little, play a little, be a little glad; rest a little, rest a little if the heart is sad. Spend a little, send a little to another's door; give a little, live a little, love a little more."

"Ah, good mornin', Mrs. Murphy, an' how is everything?"  
"Sure, betwixen my husband and the furnace, I'm havin' one grand time uv it! If I keep me eye on the wan the other is sure to go out!"

Constable: "I left my car here a few minutes ago and now it's gone."  
"It must have been stolen, then."  
"No, it couldn't, be that—I was insured against theft."

Mrs. Peck: "You embezzle! You needn't look so innocent! Oh, I know what you did!"  
Peck: "But, my dear, I don't."  
Mrs. Peck: "Don't you sneak? Well, then I'll tell you—you bought a cigar with the car fare I gave you this morning and walked to work!"

She: "I bobbed my hair to show my independence!"  
He: "What did you bob your skirt for?"

"Mother," asked the modern child as she was being put to bed, "what are prayers?"  
"Prayers, darling, are little messages to God."  
The modern child grew thoughtful. "Oh, I see," she said at last, "and we wait till bedtime to send them so as not to get the night rats."

Louie: "Percy Farish always dresses so quidly."  
John Lamont: "Oh, does he? You ought to hear him when he loses his collar, stud!"

"I wish to complain," said the bride haughtily, "about the floor you sold me. It was tough."  
"Tough, ma'am?" asked Martin Garrett.  
"Yes, tough. I made pie with it, and my husband could hardly cut it."

Ernie Whiteside: "Do you play golf? It's my pet game."  
She: "Oh, dear no; I don't even know how to hold the caddie."

"Among the prettiest girls present was W. S. Paterson," wrote the reporters in his account of a party. The next day he was called to the editor's room.

"What do you mean by writing stuff like that?" demanded the editor.  
"Well," explained the reporter, "that's where he was; and that's where you find him at every party."

The new assistant at the seed shop was not having an easy time. Someone had ordered a packet of potato seeds, and he had spent two hours looking for one, but without success. At last he went and asked the boss about it.

"How can you be so ridiculous!" said the man. "Potatoes don't have seeds. Your leg was being pulled!" The assistant returned to the counter, feeling a little discomfited. Ten minutes later a customer entered the shop and asked for some bird seed. To his surprise, the assistant leant over and waggled a finger at him.

"Go on," he said. "I can't be tricked twice. Birds are hatched out of eggs!"  
He put one arm around her waist. And on her lips he pressed a kiss. "Outh he: 'I've sipped from rainy a cup."  
But never from a mug like this."

Mistress (just returned from a shopping trip): "Did anyone call during my absence, Bridget?"  
Bridget: "Only a committay of ladies, ma'am but Oi sent them off in a hurry!"

Mistress (greatly perturbed): "Oh, my! What did you say to them?"  
Bridget: "Sure, an' they said they called t' collect money t' buy coal f' th' church, and Oi told them ye wouldn't think of such a thing, f' r' well ye know the church is l'ated by steam!"

The man in the street paused and looked hard at the other shuffling along in the gutter. His second glance assured him.  
"Do you know your sandwich boards are turned the wrong way about?" he asked.

The man who was employed to advertise in the street turned and regarded his interrogator dispassionately.  
"Of course I know it," he returned, with scathing directness. "You don't suppose I'm going to work in me lunch hour, do you?"

"My landlord is one of the most curious men I have ever met."  
"What makes you think so?"  
"He's always asking when I am going to pay the rent."

"What a lovely fur coat—that did it cost?"  
"One single kiss."  
"That you gave your husband?"  
"No that he gave the maid."

Long Distance 1 telephones  
in every room.

FRANK MILLER,  
Proprietor

FINDS POT OF GOLD;  
BUT WHO OWNS IT?

INTERLAKEN, N. Y.—To most in-  
dividuals who might chance upon a  
pot of gold and precious stones buried  
nearly a century ago, it might be an  
occasion for rejoicing, but to William  
Eastman, farm hand, it brought only  
the problem of what to do with a  
treasure he does not believe to be his  
own.

His shovel struck something solid  
while he was excavating upon a farm  
near here. He pried and out tumbled  
a curiously-shaped heavy marble urn.  
He pried an ax and broke it open,  
spilling old coins, most of them gold,  
and unmet stones upon the ground.

Inside the urn rested a card bearing  
the inscription: "The Heart Will Win  
the Treasure Be—1888." The back  
of the inscription: "William Smart,  
stone mason, New Road, Spalding,  
Lincolnshire, For Charlotte Barnard,  
Billingham, Lincolnshire."

Mr. Eastman is holding the urn  
until the value of its contents, and the  
ownership can be determined.

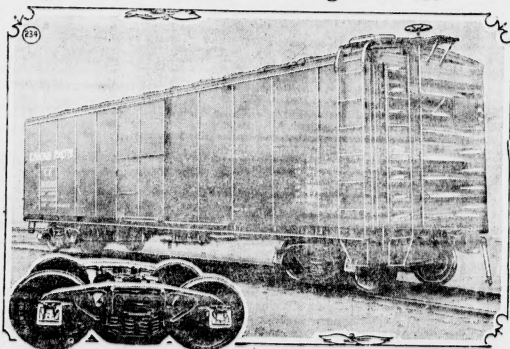

RAILWAY QUITS TOWN  
SO TOWN FOLLOWS

EDMONTON, Alta.—Ross Wardell  
of this city has carried out the unique  
and ambitious contract of moving an  
entire town a distance of more than  
five miles, across virgin country in  
less than two months.

This wholesale moving day became  
necessary to the citizens of Waterhole,  
Alberta, when the railway in their  
area was extended and they found the  
town was left five miles from the  
railway.

Following the conference of the town  
council it was decided to "pack up",  
the town and move it over to  
the steel. As a result of this decision,  
within two months Mr. Wardell had  
successfully moved all the buildings  
of the town intact, including two  
hotels, and had deposited them safely  
in their new location, which is known  
as the town of Fairview. In accom-  
plishing this moving feat the usual  
moving equipment, supplemented by  
two very powerful tractors, was used  
by the contractor.

## Steel Cars Now for Freight Service

Steel is replacing wood in freight service and seventy-five hundred of the new freight cars now on order for the Canadian Pacific will set a new standard in grain and general freight service. These cars are not in replacement but in addition to the wood cars already in use, and will furnish a greater margin of safety, more speed and longer service while eliminating leakage.

They will have a capacity of 2,000 bushels of wheat, considerably speed up the movement of grain. Rivetting of all joints and connections will reduce to a minimum possibility of loss of grain and the cars will be more uniform in weight and will possess greater rigidity. The roof of the car will be steel and will also the whole structure, but the sides will be wood lined inside.

Additional safety will be provided by a new type of track having a cast steel frame. These track frames which represent a new standard of Canadian Pacific equipment, are one integral casting. Elimination of parts in the car proper is another noteworthy feature.

Dimension of the car are 40 feet 9 inches in length, 8 feet 7 inches high and 8 feet, 7½ inches wide. They will have 5 foot side doors and a capacity of 120,000 pounds.

The new cars represent an important advance in railway freight transportation on this continent and they have been developed more directly to keep pace with the development of the west. In recent years crop acreage has increased. Car loadings have increased in like measure. Improved harvesting machinery has speeded up delivery to the rail and necessitated still more efficient handling on the part of the railway companies.

Delivery of the new cars will be made in ample time for the harvest of 1929 and the Canadian Pacific may be expected to again break the record of crop handling.

HUDSON BAY RAILWAY  
FINISHED SOON

WINNIPEG.—To carry the Hudson Bay Railway on to its terminus at Churchill this year, only 48 miles remain to be built; and this is a little job of work not likely to cause worry to the Department of Railways which managed to have 100 miles built last year. The Minister, in a report recently issued, sees the goal. He plans to have a workable line completed before the end of the year.

This is a fast finish to a long, slow race. The tortoise is winning at the pace of the hare. The little shambler meandered along tortuously and ap-  
gratingly for many years, too often falling asleep by the wayside, and often when prodded awake by western opinion, dozing off before getting much farther. But since the Government resumed the renovation of the disabled track in 1925, not much ground has been able to grow on it.

The five million dollars expended on this undertaking last year were halved by the development of the railway port at Churchill. The hampering lack of plant there will not be felt when work begins early in this year's season. Something like 100 tons of material was imported from the East, and lumber and hardware are docked ready for operation. The plan is to call for a three-year period for the completion of the port seen to be adhering nicely to design.

This continuation of completed railway with functioning port will make a happy ending to a long-tale. Even the sceptic who has been repeatedly for convenient reference by the natural resources intelligence service at Ottawa, whose difficulty it is to believe in the value of the railway, will be kept in their story placed together. They are almost ready to write "finis" to their work. Labor, who have believed honestly, will see the fruit of a great effort, and baste in the waters of Hudson Bay.

That which was scoffed at as impossible will have been made possible. Other railways which ridiculed it, have repeated the classic "I'll never pay for its safe passage" will have to pay for the right to face the head-  
lights of their engines on the new railway's terminus. There is no longer in doubt; the disputants themselves have proclaimed the facts. All that was said to be unworkable is allowed to have now to hide freight worth going after.

In fact, this year, most especially this year, the year in which the Minister of Railways sanguinely can count on completing the Hudson Bay Railway, there will not be a railway in Canada which will not be glad to follow it. When it opened the north it revealed a new empire. Where there was claimed only to be the barren wastes with berries for which to eat, wealth has been discovered. It is the wealth that provides the freight that railways fight for. The north would still be a blank if it were not for the Hudson Bay line. And the railways of Canada would still be as hostile to the idea of a railway to the north as they have been to the building of the line which will yet be honored for opening up the field of richest resource in this Dominion.

When the Minister of Railways builds the last 48 miles of the Hudson Bay Railway this year, he will have done more than complete a railway; for it will have been the means of changing the economic and industrial feature of middle-western Canada. It will have started another story.

## LETTER TO THE EDITOR

Editor, Strathmore Standard.

Dear Sir:

The worthy Director of the U.P.A. for the Bow River Federal constituency has called your attention to some points raised by my letter. The Directors' position is erroneous as all know who attended the School Trustees Convention and also by reading and digesting properly the pamphlet issued by the Hon. Minister. On page 10 of the M.H.R. pamphlet we read: "Each tax notice will show two school rates; the local rate, varying in accordance with local needs as determined by the local board; and the general rate, uniform throughout the entire area comprising the rural school districts of the province."

Years ago we used to hear about Directors who did not direct, and this certainly looks like a case in point. As to the matter of Education generally, I believe that I am specially privileged to know more than a little about. I have educated, and in fact am educating a family, who have gone through primary and high school and also the University. I am also conversant with the way School Taxes are paid in the Municipality of Strathmore, and I believe that the ratepayers have

WILL ALBERTA  
COAL BOON  
BE LIQUIFIED?

The people of Ontario are keenly interested in Alberta coal, and the Toronto Globe refers to the production of Jesse Gouge, of Drumheller, that a few more years will see liquefaction and other advanced scientific process as applied to Canadian coal. At least one group of Alberta operators is investigating to that end with the expectation of extracting oils, gasoline and the various other constituents for economic use.

Great progress has been made along this line in Britain and Germany. Recently it was announced that a British company had commenced operations in Australia with a view to marketing coal in by-product form and with every prospect of success. The attention now being given to the solution of Canada's fuel problem bears promise of keeping step with the advancement in liquefaction, bringing closer the time when coal will no longer be served as coal.

If Alberta is already experimenting hopefully with liquefaction, it shows that considerable progress has been made in a short period. It is only a little more than a year since Hon. Charles Stewart wrote in The Canadian Mining Journal: "In considering the application of coal liquefaction to Canada two things must be borne in mind: First, it is likely that prices of crude oil petroleum are as low now as they are ever likely to be, and as time goes on the tendency will be for these prices to rise. Second, that coal liquefaction methods are in their infancy, and with experience and improvements of technique in manufacture, costs are more likely to fall than to rise. These considerations make it highly desirable that the progress of development of coal liquefaction in Germany should be carefully watched so that advantage may be taken of these developments if they should prove applicable to Canadian conditions."

From the standpoint of the consumer the question has more than academic interest. It cannot now be certain that cold winter months may be "too late" to discover that the coal sold with its shovel and its dust is gone forever, and when at last he will be able to reduce over the loss of a job by the salesman.

Beyond this, however, is the awakening which a study of the coal question has brought: the position of our industries arising. Mr. Stewart said: "It may be said that as a result of our observations in Europe mining stands out clearly and, for a fairly narrow, that coal is a far more valuable asset today to any country possessing it than it was to the last generation, and it will be still more valuable to coming generations. It is not only the source of heat and power, but it is becoming the raw material from which a great variety of chemical industries are being and will be based. Germany is proving that the coal, hydrogen and coal are the most important factors in the production of synthetic materials on a large scale, and with vision, courage and skill will our coal resources may be made the cause of bringing new life and industries to those parts of Canada in which these resources are abundant, and, incidentally, the whole of Canada."

The Second Progress Report of the Dominion Fuel Board estimates the total coal reserves in Canada at 1,254,269 million tons. With 5,328,000 horsepower of electric energy brought into operation, only a small fraction of the available supply is used as yet. The coal industry is at present in a state of depression, but its future, supererogatory, with the aid of science, is no more in doubt than is the future of the supply of water power.

found sufficient difficulty in meeting their present school loads.

The plan as outlined by the Minister appears to be on a parental basis, and is chiefly two additional means of spending money by having the central and the divisional boards in addition to the local board as at present. It does not appear to make any greater effort towards efficiency. I would suggest that what we require is a national inspector who would help and advise the teachers in their work, and also a better system of paying for our high school education.

Had the director been at the School Trustees' Convention he would have seen one of the largest assemblies ever held in Alberta. These representatives had all made an intelligent study of the proposed plan and a good number of them had already heard the Hon. Minister speak at previous meetings.

Yours very truly,  
H. S. B. CHAMBERLAIN  
Hon. M. D. Bow Valley, No. 219
